Profile Summary

Java Full Stack Developer with 2.8 years of experience in designing and developing robust applications using Java, Spring Boot, and Hibernate. Proficient in front-end technologies like React JS and multithreading. Adept at working within Agile frameworks, with expertise in the full Software Development Life Cycle (SDLC). Known for delivering high-quality solutions under tight deadlines, with a strong background in backend development and Microservices architecture.

Experience

Java Full Stack Developer

Virtusa Consulting Services Pvt Ltd., Hyderabad

December 2021 - Present

Project: CITI Business Online — Client: Citi Bank

- Developed and maintained scalable full-stack applications using Java, Java 8, Spring Boot, and Microservices.
- Collaborated with cross-functional teams to design and implement new features, enhancing operational efficiency and performance.
- Developed and integrated RESTful APIs, ensuring secure and efficient data communication.
- Implemented multithreading and managed data interactions using SQL databases.
- Used ReactJS to create engaging and responsive user interfaces for internal tools.
- Conducted unit testing and wrote JUnit test cases for various modules, improving code quality.
- Ensured code compliance with SonarQube and followed security best practices.
- Deployed code and monitored the operational stability of applications, providing bug fixes as necessary.
- Participated in Agile ceremonies and worked closely with stakeholders to ensure timely deliveries.

Key Responsibilities:

- Design, develop, and maintain scalable full-stack applications.
- Utilize ReactJS, JavaScript, and TypeScript for building responsive UIs.
- Maintain SQL and NoSQL databases for data retrieval and storage.
- Follow Agile methodologies, focusing on CI/CD pipelines for efficient delivery.

Education

Bachelor of Technology in Computer Science & Engineering

DNR College Of Engineering & Technology, Bhimavaram (2016-2020)

CGPA: 8.13

Intermediate

Narayana Junior College, Bhimavaram (2014-2016)

Percentage: 86.60%

Secondary School Certificate (SSC)

S.A.R Z.P. P High School, Dirusumarru (2014)

GPA: 7.8

Certifications

- Oracle Certified Associate, Java SE 8 Programmer

Technical Skills

- **Languages:** Java, JavaScript, TypeScript, SQL, NoSQL
- **Frontend Technologies:** React.js, HTML, CSS
- **Backend Technologies:** Spring Boot, Hibernate, Microservices, Multithreading
- **Databases:** MySQL, Oracle, PostgreSQL, MongoDB
- **Tools:** JUnit, Git, Docker, Kubernetes, Jira
- **Methodologies:** Agile (Scrum), CI/CD

Project Highlights

CITI Business Online

Role: Java Full Stack Developer

- Worked on developing key functionalities for financial transactions, enabling secure and efficient processes.
- Utilized Spring Boot and Microservices to modularize the application for better scalability.
- Collaborated with the database team to optimize SQL queries, ensuring faster data processing times.

Core Competencies

- Full-Stack Application Development
- Requirement Gathering & Analysis
- Agile Methodology
- RESTful API Development
- Unit Testing & Code Optimization
